RE: WC Docket No. 02-60
Rural Health Care Pilot Program
Texas Health Information Network Collaborative– (THINC)

Dear Commissioner

Please accept this letter as an indication of Support of the Texas Health Information Network Collaborative–(THINC) infrastructure proposal.

THINC is a statewide effort encompassing all of Texas. It will allow the rural health care providers to connect with urban medical centers, telehealth programs and services, medical education and other services by making high speed broadband access available, resulting in improved access to care, patient safety and quality and patient and clinician satisfaction.

We appreciate the FCC's interest in expanding the capabilities of rural health care delivery and improving the care of all Texans.

Sincerely,

Craig Eiland
State Representative
District 23
